

September 8th, 2014

To Whom It May Concern,

Keith Boudreault joined our team at Leapshot Labs in the summer of 2014 and successfully completed his contract on August 29th, 2014. It was a pleasure having Keith on the team, his contributions have positively affected the release of our service, Leapshot.IO

Keith was contracted to research and create custom portals for both cities and schools in the Leapshot.IO system and appear in photo and video media supporting marketing. Keith was punctual and completed all of his tasks and met our quota requirements. Keith is a team player, and was a great personality to have in the office and on camera. Keith also has a strong interest in technology and development.

We are happy to recommend Keith. Should you have any questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in blue ink, which appears to read "Michel Castonguay". The signature is fluid and cursive, with a long horizontal stroke at the end.

Michel Castonguay
